

STEM Academy

ARE YOU A HIGH SCHOOL SENIOR
INTERESTED IN A STEM CAREER:

SCIENCE
TECHNOLOGY
ENGINEERING
MATH

Do you need to ramp-up your math skills? Want to take a CSS101 course with a STEM focus?

Then join BCC's STEM STARTER ACADEMY Program this Summer!

Open to High School Seniors:

- 2 free college courses (MTH001 and CSSS101)
- Access to a Professional Math Tutor, and
- One-On-One Career and Academic Advising.

Students should have an interest in one of the following degree programs:

Computer Information Systems (CIS)
Computer Science

Engineering Technology/Engineering Science
Environmental Science

Life Science (Biology, Biotech, Med Tech, Vet Tech)
Physical Sciences (Chemistry and Physics)
